Overview

Personal Data

Passport Info: *****
Traveler Name: *****
Traveler No: *****
Citizenship: United States of America
Languages: English, Spanish (basic)
Address: *****

Health: Excellent
Tobacco Use: NONE
Date of Birth: *****
Height: 172.7 cm (5' 8")
Weight: 63.5 kg (140 lbs.)

Professional Objective & Summary of Qualifications

Seeking trips/deliveries to gain miles, sea time & offshore experience for my Captain's License.

I am an eager intermediate sailor seeking more offshore experiences on many types of vessels in preparation for my USCG 25-Ton Master License. With diverse life experiences as a software application developer, filmmaker, audio engineer, actor, and mechanical engineer, I feel that I have a "Swiss Army knife" array of skills to leverage in any situation. Major sailboat refit projects, quick thinking in critical offshore situations, and even getting your WiFi back up and running at the marina are all within scope here. Hard work motivates me and any problem claimed "unfixable," ignites me to spring into action and prove otherwise. I would love to be your crew!

Offshore Passages & Deliveries

as crew, mate and/or watchleader:			date	days	miles	
					long leg	total
s/v Sea Fox	Jeanneau 379	Marina del Rey, California - Catalina Island (r/t)	Jul 2018	5	51	102
